HAPPY NEW YEAR!

NEW YEAR'S RESOLUTION #1

I will set my alarm even when I am home.

Our number one priority is keeping people safe. The most dangerous break-ins happen when a family member is at home.

Arming your system in "stay mode" keeps everyone safe and protected without interrupting daily habits. If you are not sure how to arm your system in "stay mode", please contact us at 770-963-0305 for assistance.

NEW YEAR'S RESOLUTION #2

I will test my alarm system monthly.

EMC Security encourages all of our customers to test their systems monthly to ensure their system is ready in the event of an emergency.

Follow [this link](#) to our website for instructions on how to test your system.

NEW YEAR'S RESOLUTION #3

I will contact EMC Security with any phone number or email changes.

EMC Security is your safety partner. If you change any phone numbers or email addresses, notify us at 770-963-0305 so we can make sure we have the most current information in the event of an emergency (you will need your passcode to make changes).

EMC SECURITY'S DISPATCH PROCEDURES

BURGLARY

Take a few minutes to review our standard dispatch procedures.

FIRE/CO

Contact us at 770.963.0305 if you would like your dispatch procedures handled differently.

MEDICAL

PANIC SIGNALS

SEND US A REFERRAL

When they become a customer, you BOTH get 2 months free.

We understand the importance of having a company you can rely on and would like the opportunity to offer the same level of protection and professional service to your friends and family.

And now, refer a friend between now and February 29 and get 2 months free if they become a customer. We'll also give your friend 2 months free to get started.

Refer a friend and you both get 2 months free when they become a customer!
